DETAILED ACTION

The amendment filed on 13 July 2006 has been entered and overcomes the objections to the specification.

Allowable Subject Matter

1. Claims 60, 62-65, 67-71, 73-76, and 78-90 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 60, 71, and 75, the prior art reference (Ohtani ('963)) and the claimed invention of the present application were, at the time the claimed invention was made, owned by the same person or subject to an obligation of assignment to the same person, i.e. Semiconductor Energy Laboratory, Co., Ltd. Therefore, the rejection has been withdrawn.

Regarding independent claims 65 and 75, the prior art of record neither shows nor suggest a method of manufacturing a display device comprised of, in part, application, Applicants have amended independent Claims 65 and 75 to recite that the electroluminescence layer is in contact with an upper surface of the fifth insulating film" (Claim 65; the "fourth insulating film" in Claim 75), along with the rest of the limitations of the claims.

Due to their dependency, the remaining claims are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
